

## Custom Hood Measurements:

Here is a little diagram to help you get the right measurements we need to make sure your hood fits you perfectly!

Each pattern is hand drafted to fit your custom measurements and saved with your order number should you want to order more in the future, so be as accurate as possible!

Try to get the measurements as accurate as possible. Please copy and paste the below list and fill out accordingly when responding to the order notes so that there is no question as to what measurement goes where.

1. Around head above eyebrows:
2. Around head below lips:
3. Around neck:
4. Around head from chin to crown:
5. Length of nose bridge:
6. Length of nose tip:
7. \*Anything else worth mentioning/areas of worry:
